About Event

HOPE OF FREEDOM

6th International Coffee and Watercolor Painting Contest and Exhibition of IWS Cafe Gallery , hosted by IWS Moon ArtDemy on the occasion of World Watercolor Day and 11th IWS Anniversary ,23rd January, held in Tehran , Iran , 6th January 2023;

IWS Cafe Galleries mission and vision

Iws cafe galleries will have important contributions to the development and promotion of watercolors all over the world.

These days, artists and art lovers who paint with Coffee were popular. In everyday life, coffee drinking is spreading every day all over the world. Especially Burn Sienna colored coffee is an excellent color for the monochlor watercolor technique, which is one of the foundations of the watercolor technique. The fact that it is obtained from coffee almost always allows us to produce pictures in the short distance of finding a brush and paper. IWS Cafe Galleries provides the environment where coffee galleries and studio tip meet, with this new concept, which provides the environment and materials for coffee lovers who want to paint this opportunity.

WORLD WATERCOLOR DAY
23rd Jan 2023

International Watercolor Society(IWS)

The world of watercolors has undergone significant changes since the birth of IWS in 2012. At the time of its conception, watercolors received very little recognition amongst Art schools, Art Museum Art Galleries, and Art collectors. In spite of it being the oldest method of painting, it was considered difficult and inferior to other mediums.

IWS has played a notable role in the shift of how watercolors are now accepted and perceived throughout the world. What began as a desire to connect artists on an international level in Turkey and Canada, has grown to encompass the entire globe with Branches and Institutions in well over 110 different countries. Café galleries, Art schools, museums, Art villages and other institutions of learning have since come under the covering of the IWS Globe Art Network with an emphasis on the instruction and the exhibiting of watercolors. Even art suppliers have felt the impact of our influence, and our very pleased with the increase in demand for watercolor products.

IWS birthplace, Seferihisar Izmir, Turkey, has held an historic role in the arts for centuries. Teos, the city of Dionysus, is the site of the oldest known Artists' Union, dating back more than 2000 years. This ancient city is still in existence in the Izmir Province today under the name Seferihisar. We do not take this history lightly, but honor our predecessors by continuing to work to unite artists throughout the world in friendship and harmony.

In celebration of the birth of IWS, we officially designate January 23 as World Watercolor Day. Never before have watercolors been celebrated to such a global extent. In celebrating this day, we unite countries and cultures with the philosophy of spreading harmony and friendship through our love of watercolors. It is a great privilege to be part of this organization and to continue to work towards uniting the world in peace.
